Proposer deemed responsive

**Vermeer Corporation – received 6/21/2017 at 11:08:03AM**

Proposer deemed responsive

Proposals are evaluated first on level-one responsiveness and that determination is noted above. Level-one responsiveness requires, among other things, that the response be received before the deadline for the submission and that the response include completed copies (with signatures) of the requested forms.

Proposers that are deemed level-one responsive must provide any missing documentation or remedy a noted deficiency within a reasonable time in order to remain responsive. Respondents must not provide additional substantive information when sending missing documentation.
