  Proprietary Information. As used herein, "Proprietary Information" shall mean this Contract and all information furnished by the disclosing Party to the receiving Party which the receiving Party should reasonably understand to be considered confidential and proprietary information by the disclosing Party, including, without limitation, all information regarding customers, clients, employees and suppliers; pricing information; Products and Services information; financial or operational data; business plans or strategies; personal individually-identifiable information; data entered into a Party's e-commerce website(s) or a similar electronic procurement system(s); and other documentation relating to the disclosing Party's business activities.

  Proprietary Information; Exclusion. Proposer Questionnaire

Payment Terms, Warranty, Products/Equipment/Services, Pricing and Delivery, Industry Specific

Proposal Name: Staples Contract & Commercial, Inc., operating as Staples Facility Solutions

Questionnaire completed by: Don Hasch

Payment Terms and Financing Options

1) Identify your payment terms if applicable. (Net 30, etc.)

Staples’ standard payment terms are Net 30 days. Each participating Member will remit all invoice payments, including all taxes on its product purchases to Staples in thirty (30) calendar days from receipt of invoice, unless otherwise agreed to in writing by Staples and Member. In the event a participating Member fails to comply in any material respect with the foregoing payment terms, Staples may, at its sole discretion and in addition to any other right or remedy available under applicable law or in equity, immediately suspend all deliveries to such Member’s location(s) by written notice to such participating Member and to NJPA.

2) Identify any applicable leasing or other financing options as defined herein.

Staples is flexible and utilizes multiple third party leasing sources. Your organization may have an existing relationship with your own choice of leasing provider and we may work with that provider if mutually agreed to. Leasing terms and conditions vary by lease provider and the requirements of the acquisition and are determined as the solution is developed and the leasing source is finalized. Our broad range of leasing options is flexible so that you can tailor the length, acquisition type and amount of your payments to meet your business’ needs. Lease options include capital or operating lease options, giving you end of term options to keep (own), upgrade or return assets. Leases may allow for certain soft expenses like service, software and accessories to be included in the monthly payments for an asset acquired under lease. Staples will work with your organization to help finalize the option that best suits your needs.

3) Briefly describe your proposed order process for this proposal and contract award. (Note: order process may be modified or refined during an NJPA member’s final Contract phase process).

Our key business goals center on helping our customers simplify the ordering process, eliminating hidden costs in the procurement process and enhancing delivery accuracy. We offer a variety of ordering and tracking methods to achieve these goals.

- Internet ordering through our proprietary e-commerce site
- Electronic Data Interchange (EDI)
- Third-party interface
- Procurement cards
- Fax (single toll-free number)
- Telephone (single toll-free number)
The order fulfillment process is as follows:

**Order Placement**
While other order methods are available, including by phone or fax, our customers find it easiest to place orders via our e-commerce platform.

- Order is automatically entered into our order management system, which manages customer requirements and validates each order as it is placed.
- For customers needing assistance, our Customer Service Representatives are equipped with our knowledge management database to provide first-contact resolution.

**Order Sourcing & Routing**
- Once in our order management system, the order goes through a standardized process that determines how the order will be fulfilled.
- Our system automatically picks the best fulfillment source from among the primary fulfillment center, a secondary fulfillment center or wholesaler and sends this information to our warehouse management system.
- The exact sourcing for a particular item depends on a number of factors, but minimizing delivery time always trumps any other considerations. Considerations include stock availability and delivery time from closest fulfillment center, next closest fulfillment center and wholesaler as well as customer setting for backorders.

**Box Creation**
Next, the warehouse management system creates the optimal box size for each order.

- The system considers the dimensions and weights of every product in your order to ensure they are protected against damages without excess packaging material.
- Each carton is assigned a unique bar code that is tracked throughout the order cycle and uploads to our package tracking system.
- This tracking system reduces delays, errors and provides visibility to CSRs and fulfillment and delivery associates. Customers can check the status of their orders through package tracking on our e-commerce site without contacting customer service.

**Order Picking & Quality Control (QC)**
Fulfillment associates pick orders, inspect for quality and pack orders for shipment.

- Methods for picking orders include pick-to-light, robotic picking and system generated "tasks" to pick everything from a full pallet of paper to an individual toner cartridge.
- We perform regular analysis to ensure that every order is a perfect order — delivered next day, without any substitutions and without any damaged, wrong or missing items.
• Sophisticated conveyor systems direct cartons through the required pick zones, through Quality Control for final inspection and onto the correct truck.

Delivery
Once the source for an order is determined, our order management system determines the best method to deliver that particular order next-business-day at the lowest possible cost.

• Once the fulfillment center completes order processing and shipping, it is uploaded into our package tracking system.
• The most efficient delivery route is determined based on the number of cartons, the order weight, customer zip code and carrier rates, allowing us to keep fuel costs low.
• Shipments are scanned by drivers at delivery destination, capturing the time stamp, name and signature of the person receiving the delivery for our package tracking system.
• Unless otherwise mutually agreed to by Staples and an NJPA Member, NJPA and its Members shall have a minimum order size of $35.00 per order ("Minimum Order Size"). In the event a Member places an order below its Minimum Order Size, the Member will be notified that the order cannot be processed until the order minimum is met.

Our Customer Service Representatives have access to up-to-the-minute package tracking information throughout the course of the day. End users can also see proof of delivery, including who signed for their package and when, by accessing package tracking through our e-commerce website.

4) Please specify if you will be including your dealer network in this proposal. If so, please specify how involved they will be. (For example, will he Dealer accept the P.O.? ) and how are we to verify the specific dealer is part of your network?

Staples is a reseller and doesn't have a dealer network.

5) Do you accept the P-card procurement and payment process?

Yes. Procurement Cards (P-Cards) represented by one of the major credit cards (Visa, MasterCard, American Express and Discover) may also be used at the time of purchase.

For retail purchases in the United States, NJPA Members may participate in Staples' convenience card and/or registered procurement card programs by completing and signing Staples' Convenience Card Application and/or Registered Procurement Card Registration Form, which will be provided upon request. If an NJPA Member elects to participate in either of Staples' programs, that Member must comply with all of the terms and conditions set forth in the applicable application and/or registration form.

Warranty

5) Describe, in detail, your Manufacture Warranty Program including conditions and requirements to qualify, claims procedure and overall structure.

Vendor Warranties. Vendor expressly warrants that it will provide NJPA and NJPA Members (collectively, "Buyer") with pass-through of all manufacturers' warranties for all Janitorial Supplies and related Custodial Products ("Facilities Products") sold to Buyer. Vendor expressly warrants that all Staples-branded Facilities Products provided by it are: (1) merchantable; (2) of good quality and workmanship; (3) free from defects, latent or patent, in
material, design and workmanship for whichever period is shorter, either (a) one year from the date of purchase, or (b) as otherwise specified on the packaging of the Facilities Products; (4) fit, sufficient and safe for their intended purpose and for the particular purpose for which they were designed; and (5) in conformity with Vendor's samples, if any. THESE WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHERS, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED. VENDOR SPECIFICALLY DISCLAIMS ANY AND ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND/OR FITNESS FOR A PARTICULAR PURPOSE.

**Buyer Warranties.** Buyer represents and warrants that Buyer will (i) follow all instructions provided by Vendor relating to use, dilution, or installation of Facilities Products; and (ii) use and dispose of the Facilities Products in accordance with all applicable state, county, local and federal laws and regulations, including environmental rules and regulations. Buyer's breach of this section shall void any and all Facilities Product warranties and Vendor shall not be liable for any damages resulting from Buyer's breach of such warranties.

**Services Warranty.** Vendor warrants that the Services shall meet or exceed generally accepted standards in the industry and shall meet any required specifications mutually agreed upon by Vendor and Buyer.

6) **Do all warranties cover all products/equipment parts and labor?**

Warranties differ by manufacturer. Please refer to our response to question 5 above.

7) **Do warranties impose usage limit restrictions?**

Warranties differ by manufacturer. Please refer to our response to question 5 above.

8) **Do warranties cover the expense of technicians travel time and mileage to perform warranty repairs?**

Warranties differ by manufacturer and the terms specific to technician travel time and mileage is dependent on many variables. Typically, such costs are reviewed on a case-by-case basis.

9) **Please list any other limitations or circumstances that would not be covered under your warranty.**

Please refer to our response to question 5 above.

10) **Please list any geographic regions of the United States for which you cannot provide a certified technician to perform warranty repairs. How will NJPA Members in these regions be provided service for warranty repair?**

Please refer to our response to question 5 above.

**Equipment/Product/Services, Pricing and Delivery**

11) **Provide a general narrative description of the equipment/products and related services you are offering in your proposal.**

Staples Facility Solutions can help NJPA and participating Members manage all of their needs related to the scope of this RFP, resulting in reduced procurement and invoicing costs, superior program management and reporting, as well as service improvements – all with one point of contact. Our “One Source” solution includes comprehensive programs and services for office supplies, classroom supplies, technology, printing, promotional products, furniture and facility supplies.
12) Provide a general narrative description of your pricing model identifying how the model works (line item and/or published catalog percentage discount).

Staples’ proposed pricing model is designed to take advantage of our industry leading assortment of products, equipment and services. The structure includes a large number of net priced items on the Hot List and Core List that facilitates price stability on core janitorial supplies and related custodial products. Rounding out the offering is non-core pricing that will take advantage of leveraging Staples’ strength as one of the largest sellers on the Internet. Today, Internet pricing provides full visibility and disclosure of pricing. Successful sellers on the Internet (like Staples) invest in systems and intelligence gathering to ensure that Internet prices are set and maintained in a market-competitive structure. Therefore, Staples proposes that Staples.com pricing be used as the standard and reference point in setting non-core Pricing. Details and specifics of this pricing proposal are outlined in question 14 below.

13) Please quantify the discount range presented in this response pricing as a percentage discount from MSRP/published list.

Staples’ proposed pricing is not based on a formulary discount, but rather on net prices per item as outlined in question 14.

14) Provide an overall proposed statement of method of pricing for individual line items, percentage discount off published product/equipment catalogs and/or category pricing percentage discount with regard to all equipment/products and related services and being proposed. Provide a SKU number for each item being proposed.

Staples proposes the following pricing structure:

**Hot List.** Those items listed on the “Hot List” file represent aggressively net-priced items whose cost of acquisition may be sensitive to changing market conditions.

Prices for Hot List items provided under this contract are set forth in Exhibit 1. The prices for Hot List items are firm for each calendar quarter and thereafter may be adjusted each subsequent calendar quarter and appended hereto, to reflect changes in stock availability, market conditions, buying expense and other factors that affect the overall cost of the Hot List items.

**Core List.** The “Core List” represents net priced items which are inclusive of those products predicted to be the most commonly used products by NJPA and its participating Members. Prices for Core List items provided under this Contract are set forth in Exhibit 2.

Prices for Core List items shall be firm during each calendar year period, January 1st to December 31st and such prices shall be updated effective January 1st of each year during the term that this contract is in effect. Staples may request a price change adjustment for Core List items by submitting a price change addendum to NJPA thirty (30) days prior to January 1st to reflect changes in stock availability, market conditions, buying expense and other factors that affect the overall cost of such items.

**Updated Items.** For purposes of contract management, Staples may provide to NJPA an updated report no more than once a calendar quarter, which shall identify the SKU numbers and prices for the new items that Staples and NJPA have added to the Core List or Hot List, as well as SKU numbers for items that have been removed from the same/discontinued.

**Non-Core Items.** Non-Core Items are those items that are not on the Hot List or Core List and available on StaplesAdvantage.com. For those Non-Core Items that appear on
Staples.com, such Non-Core Items will be priced based on the current national Staples.com price for such items, which Supplier will update on a weekly basis, provided that such pricing is exclusive of tier pricing, closeouts, promotions and/or specials. The prices for Non-Core Items that are not available for purchase on Staples.com shall appear on StaplesAdvantage.com and shall be adjusted to reflect changes in stock availability, market conditions, buying expense and other factors that affect the overall cost of the Non-Core Items. Notwithstanding anything to the contrary, Non-Core Items are not subject to customer audit or any pricing guarantee.

**Tier One Diversity Program.** Staples reserves the right to implement a 4% pricing upcharge when setting up a Tier One program for any participating Member.

**Desktop Delivery.** As explained in question 52 of Form A, desktop delivery is considered a premium service and as such, there may be an additional charge associated with this service.

15) Propose a strategy, process and specific method of facilitating “Sourced Equipment/Products and/or related Services” (AKA, “Open Market” items or “Non-Standard Options”).

Staples' customers frequently request we source goods and services on their behalf that could be non-stock or custom in nature and are within the scope of our sourcing and distribution capabilities. Staples will also facilitate access to these “Sourced Goods” and services to NJPA and its participating Members.

Despite having hundreds of thousands of items available through our e-commerce site, Staples customers often have unique product sourcing needs that range from forklifts to industry-specific proprietary items. To fulfill these unique requests for our customers, Staples maintains a highly specialized Non-Stock Procurement team (NSP) available to assist our customers with these unique requests. Users can submit special order requests to NSP directly through our e-commerce site or through your Staples Account Manager. The NSP team works diligently to fulfill your product needs quickly and at the lowest possible cost.

The prices for Sourced Goods shall be those prices that appear on the ordering platform at time of order, or as otherwise established between Staples and the applicable participating Member at the time the order is placed. Sourced Goods may include additional delivery or handling charges that would be the responsibility of the ordering Member.

16) Describe your NJPA customer volume rebate programs, as applicable.

Staples will pay each participating NJPA Member a volume rebate of such Member’s Net Sales annually, to be paid within forty-five (45) calendar days of each annual anniversary of the Member’s first order date, calculated as follows or as otherwise agreed to in writing by Staples and the Member (“Volume Rebate”):

<table>
<thead>
<tr>
<th>Net Sales</th>
<th>Volume Rebate</th>
</tr>
</thead>
<tbody>
<tr>
<td>$0.00 - $75,000.00</td>
<td>0%</td>
</tr>
<tr>
<td>$75,000.01 - $150,000.00</td>
<td>1%</td>
</tr>
<tr>
<td>$150,001.01 - $300,000.00</td>
<td>2%</td>
</tr>
<tr>
<td>$300,001.01 - $500,000.00</td>
<td>3%</td>
</tr>
<tr>
<td>$500,001.01 - $750,000.00</td>
<td>4%</td>
</tr>
<tr>
<td>$750,000.01 or more</td>
<td>5%</td>
</tr>
</tbody>
</table>
Payment of all Volume Rebates paid hereunder is (i) contingent upon the Member paying all invoices within the payment terms specified in the contract; and (ii) based on the individual Member's aggregate annual Net Sales and is payable back to dollar one.

"Net Sales" - Net Sales will be defined as the gross sales price of the applicable products sold under this Contract, less shipping costs (including freight charges and insurance), taxes, duties, any rebates actually paid, discounts and allowances actually taken, rejections and returns to the extent credit is given or paid and also excluding purchases made via staples.com, or any Staples retail channel.

17) Identify any Total Cost of Acquisition (as defined herein) cost(s) which is NOT included “Pricing” submitted with your proposal response. Identify to whom these charges are payable to and their relationship to Proposar.

There may be additional services available which are associated with certain products, including, but not limited to: facilities or water/coffee dispensers, etc. which at the option of the Member may be purchased or leased at the time of order/agreement. Such services may be subject to additional costs that shall be paid to Staples by the NJPA participating Member and they are subject to additional Staples' terms and conditions.

18) If freight, delivery or shipping is an additional cost to the NJPA member, describe in detail the complete shipping and delivery program.

There are no additional charges associated with standard delivery from Staples. Common delivery exceptions that require a surcharge include:

- Expedited deliveries
- Desktop deliveries
- Large equipment
- Deliveries outside Staples' standard distribution area (48 contiguous United States)
- Manufacturer direct or special orders
- Unless otherwise mutually agreed to by Staples and an NJPA Member, NJPA and its Members shall have a minimum order size of $35.00 per order ("Minimum Order Size"). In the event a Member places an order below its Minimum Order Size, the Member will be notified that the order cannot be processed until the order minimum is met.

Surcharges are calculated on a per-order basis.

19) As an important part of the evaluation of your offer, indicate the level of pricing you are offering.

Prices offered in this proposal are:

a. Pricing is the same as typically offered to an individual municipality, Higher Ed or school district.

b. Pricing is the same as typically offered to GPOs, cooperative procurement organizations or state purchasing departments.

c. Better than typically offered to GPOs, cooperative procurement organizations or state purchasing departments.

X d. Other; please describe.

Staples supplies a significant number of government agencies and numerous GPOs and cooperative procurement organizations that range in size, geography, purchase volume, guarantees, incentives and other contractual terms/requirements. Additionally, Staples
provides a wide variety of products and services, including many that are customized and therefore, based on customers' specifications. As a result, while pricing may vary, Staples feels that this proposal provides competitive pricing and exceptionally strong value-added attributes.

20) Do you offer quantity or volume discounts?

   X YES      NO  Outline guidelines and program.

Staples may offer quantity or volume discounts to Members as permissible in sections 5.18 and 5.19 "Ceiling Price" of this RFP.

21) Describe in detail your proposed exchange and return program(s) and policy(s).

Notwithstanding anything to the contrary, neither party shall be liable for any consequential, incidental, special or exemplary damages arising out of or in connection with this contract. The sale, delivery, use or performance of the product. In no event shall Staples be liable (whether in contract, tort or otherwise) for damages arising out of or relating to a breach of any warranty or the sales, delivery, installation, use or performance of the product that exceed the purchase price of the product.

22) Specifically identify those shipping and delivery and exchange and returns programs as they relate to Alaska and Hawaii and any related off shore delivery of contracted products/ equipment and related services

On returns originating from Alaska and Hawaii, please note the following terms:

- Staples will generally not pick up any return orders valued $25 or less
- Staples will credit the customer on orders less than $100.00
• For orders over $100.00, Staples will issue a UPS 2nd Day Air label for each carton an NJPA participating Members want to return.

23) Please describe any self-audit process/program you plan to employ to verify compliance with your anticipated contract with NJPA. Please be as specific as possible.

Staples takes our compliance obligations seriously, while holding ourselves accountable to high internal standards. As such, we have put a process in place that has centralized our public sector pricing functions to a single team. This myopic oversight to pricing control allows us to manage pricing, compliance and auditing at the highest level. This includes the pricing team understanding of the terms of the contract and unilateral control of maintaining the contract pricing in the system. Additionally, internal audits are frequently conducted on order history to identify any mischarges and system errors, with a protocol in place for corrective measures that includes issuing credits if necessary proactively and directly to the participating Member.
