

National Auto Fleet Group, a Sourcewell Contract:

An update on our response to COVID-19

**National Auto
Fleet Group**

To our valued Customers,

As the COVID-19 pandemic spreads, the world around us is changing rapidly. Our first thought is for the safety and well-being of all individuals and agencies impacted by these difficult circumstances. With the new "Safer at Home" order from governor Newsom of California, **National Auto Fleet Group** would like to ensure our commitment to you has not changed. We are still dedicated to helping public agencies across the nation to acquire their fleet vehicle needs.

First, and most importantly, we would like to stress that **National Auto Fleet Group** is still here to serve you and answer any questions you may have. Our clients are still top priority. Here are a few things to acknowledge through the next month:

We are still currently operating under our regular business hours from 7am to 5pm (PST) Monday to Friday with minimal staffing due to the "Safer at Home" order.

Please feel free to email us questions, quote requests or any concerns you may have. The best point of contact is to email Fleet@NationalAutoFleetGroup.com. We will still answer phone calls when possible and messages will be checked frequently. Please allow more time for replies as we are working with more restrictions due to this order.

We sincerely apologize for any inconvenience this will cause. We are doing our best to work on meeting the needs of our clients. Thank you for your patience in this matter and as new information becomes available, we will contact out clients personally.

On behalf of the **National Auto Fleet Group Family**, we would like to thank you for your loyalty, trust and understanding during these times. Our hearts and prayers go out to all those impacted by this pandemic.

Sincerely,

National Auto Fleet Group
